

天水圍循道衛理小學

Tin Shui Wai Methodist Primary School

Engaged Learners, Expanding Horizons

English School Musical

Language Alive through Performance

Every year, our school stages a spectacular musical production that brings stories to life on stage. Through rehearsals, students improve their English by building confidence in speaking and performing. It turns English learning into a vibrant and unforgettable experience.

NET Programme

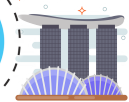

Immersive English Every Day

Our NET programme features six Native English Teachers who serve as class teachers and work with students daily. They join learners at recess and lunchtime to chat in English, while leading engaging form activities – games, speaking tasks, and group challenges – to build confidence and improve speaking.

Singapore Immersive Programme

Global Learning, Local Connections

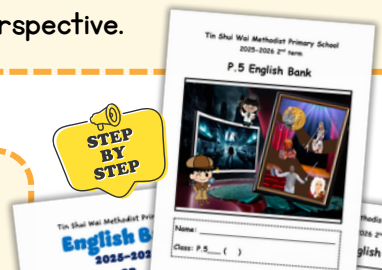

In our P5 Singapore Immersive Programme, students embark on an exciting trip to Singapore. They immerse themselves in the country's vibrant culture while practising English in authentic real-life settings, and enhancing global perspective.

School-based Curriculum

Tailored Learning, Local Strengths

Our school's unique English Bank (EB) and GWS provide tailored, high-quality materials designed specifically for our students. These resources support structured learning, reinforce key language skills and help every child progress confidently in English.

Innovative Pathways to Success!

BOOKR
CLASS

epic!

Digital Pathways to Reading Success

Reading Platforms

Reading programmes like Bookr and Epic play a key role in developing students' literacy. These engaging platforms build strong reading habits and cultivate a lifelong love for books.

NET Time

Structured Sounds, Confident Voices with our NETs

NET Time brings 3-4 Native English Teachers into structural trainings of student's language ability. Through phonics, reading, big book sharing, and guided reading, students strengthen their pronunciation, fluency, and love for English in a fun and interactive way.

Kahoot!

Digital Collaboration & Creativity

Digital Learning

Gamification tools like Kahoot and Wordwall make English lessons dynamic and enjoyable. By turning learning into interactive games and quizzes, students stay motivated.

Wordwall

Module Tasks

Bring learning to life

Our school incorporates stimulating, creative, and highly interactive hands-on module tasks after every module. These carefully designed activities allow students to apply their learning through practical, meaningful, and memorable authentic experiences. These tasks bring learning to life, as seen in the exciting P1 Fashion Show and Night Safari, the engaging P2 Job Expo and School Tour, and the fun, interactive P3 McDonald's ordering experience and Little Olympics.
