Sunny

Last week, my parents and I went on a 5 day trip to Thailand. It was an unexpected trip. On the first day of our trip, we went to a beach called Oscar Beach and we had fun there. We went surfing and had a good sunbath. We ate some fresh seafood there as dinner then we went back to the hotel and had a great sleep!

On the next day, we went to a shopping centre and Toilet Night Market. Everything was cheaper at the night market so we bought a lot of souvenirs such as jewellery. We had a wonderful dinner and we ate a lot of Thai food. It was so yummy. Even though it was very spicy and I drank a lot of water, I still enjoyed eating it.

When we left the restaurant, a woman ran pass and stole our phones and wallets. She escaped soon by getting into a metro train. We tried to chase her. She ran too fast so we couldn't catch her. We called the police and the police arrived soon and drove us to a police station and asked us a few questions for the investigation. We told the policeman that we had 4000 dollars in our wallets and the thief was in a red top with blue jeans.

We still had some money left in the hotel so we went to visit some landmarks which were modern and pretty in Bangkok when we were waiting for good news from the police. On the fourth day of our trip, the policemen caught three suspects. My parents and I recognized the thief. At last the thief was arrested by the police but we could not get back our money!

It was an unforgettable trip in Thailand!

### **Camping**

In the western part of Earth, there was a forest which was very scary. Near the forest, there was a tiny town. In the town, there were four children. They were Alex, Jack, Max and Jerry.

One day, the children wanted to go camping but they didn't know where they could go. At that time, someone said, 'Many people are missing in the forest!' Jack said, 'Let's go to the forest to find them!' Jack's friend agreed. They didn't know they would meet killer Gabriel who was the coolest killer on Earth.

When they ran into the forest, they set up their tents. Suddenly, a man with a mask appeared and shouted loudly, 'I am Killer Gabriel and I want to play a game with you. If you don't follow my instructions, I'll kill you all!' The children were very scared but they knew they couldn't escape. So Max said, 'OK! Let us fight against him!'

Soon, some scary scream came out from the forest...

Sunny

Last week, I set off to Thailand with my parents. It was an amazing trip.

In the morning, we went to ABC beach. While my mom was sunbathing, Dad took me to go surfing. Dad said, 'First, you need to lie down. Then you need to swim to the waves. After that, you need to stand up. At last, you can enjoy the waves.'

After training for 1 hour, I finally learnt how to surf. I spent a lot of time to surf. Dad swam happily with me.

At night, we went to the night market. We bought a lot of souvenirs there for our friends and relatives because there were a lot of shops selling very cheap things. So we spent a lot of money.

On the third day of our trip, we went to a restaurant serving traditional Thai food. There was a lot of yummy but spicy Thai food. We ate a lot but because the food was very spicy, we gave up at last. We couldn't finish the food. On the last day of our trip, we went to that Thai restaurant again because we wanted to eat the food that we couldn't eat last time.

We came back happily and we all thought the trip was amazing. I hope we can go on a trip again soon.

### **Camping**

Today I went to the Pig Park to have a camping with Ricky, Manson, Gabriel and Jerry because it was a weekend. We were happy to go camping together.

In the Pig Park, we played excitedly. We felt very tired. Jerry asked, 'Why is this park called Pig Park?' Manson said, 'It is because there are many pigs here in the morning.' I thought it was funny.

At night, we felt very hungry so we wanted to have a barbecue. We found a lot of wood to start a fire. Manson grilled beef, chicken wings, chicken legs, pork, fish and sausages. We also brought sandwiches, rice, hamburgers and pizzas for our dinner. It was delicious. I was fishing the fish. I caught a lot to eat. I also caught a big tuna. I thought I was very lucky. Ricky was playing chess with Jerry. They played happily. Jerry was playing the chess while he was eating. Jerry almost finished all the food. Gabriel was sleeping because he was very tired. Suddenly, we saw a pig behind the tent. We went inside the tent quickly. When we were sleeping, I felt scared because I heard some scary sounds so my friends said, 'It's okay. We are here.' Then I was not scared anymore.

At the end, we all woke up early in the morning. We packed our bags and went home together. I learnt that friends are very important because they will always help me when I am in trouble.
